Description

You can copy the URL of an issue by clicking `Copy Link`, but sometimes you think you have copied it, but you have not. How about a little popup saying `Copied!` to make it easier to see that it has been copied?

Here is an example of a patch.

```
diff --git a/app/assets/javascripts/application.js b/app/assets/javascripts/application.js
index 320efd263..12e4aa5d2 100644
