Does it tested with Ruby < '2.6'?

I got the following exception:

```
/usr/lib/ruby/2.5.0/psych/nodes/node.rb:49:in `to_ruby': Cannot load database configuration: (ArgumentError)
wrong number of arguments (given 1, expected 0)
```

and this change fixes error:

```
Index: Gemfile
<+>UTF-8
```

I have just tested with Ruby 2.4 and found no problems.
