Description

Could someone please help get this plugin working on Redmine 2.0.x?

Here's a link to the original plugin page:
http://www.redmine.org/projects/redmine/wiki/PluginEmbedded

And the source code:
https://github.com/marcmengel/embedded

This plugin is critical to our company's workflow.
Thanks in advance!

History

- Status changed from New to Closed

- Resolution set to Invalid

Please post in Plugins forum, this tracker is for Redmine core requests only.

#2 - 2012-06-21 21:06 - Rafi Greenberg

- Status changed from Closed to Reopened

That's really not fair. I have posted in the forums with no success. This category says "Plugin Request", not "Core Plugins".

- Status changed from Reopened to Closed

I'm sorry it does not change anything. Plugin Request category is used for feature requests that would better be implemented as plugins.
