Redmine - Defect #8679

Translation error message when linking same issue also as parent

2011-06-24 12:27 - Terence Mill

Status:	Closed	**Start date:**	2011-06-24
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Duplicate	**Affected version:**	

Description

We accidently linked an issue on its own as parent. (cycer)

The message we get ist this

`Parent Task translation missing: de, activerecord, errors, models, issue, attributes, parent_issue_id, not_a_valid_parent`

Of course linking same issue as parent should be possible, but this error message doesn't make thing clear
