Target version:			
Resolution:	Invalid	**Affected version:**	

Description

Subtask changes situation of parent task in some projects.

Example 1:

http://chamados.publicacoesonline.com.br/issues/34737 - This task in that father project was not changed by the child task.

Example 2:

http://chamados.publicacoesonline.com.br/issues/34746 - This task in that father project was changed by the child task.

Does project has configuration about this problem?
My company has a workfkow and it disrupts our routine.

Thanks!
