Redmine - Feature #10481

Add a "remove empty columns and lines" in the worflow administration

2012-03-19 11:21 - Jérôme BATAILLE

Target version:			
Resolution:	Invalid		

Description

Because in the workflows columns and line headers are included in the scrolling area, they are lost in the table area when there is a lot of statuses.

I could be helpful to remove empty columns and lines, when a new check-box is checked.
This will help to make the workflows more readable.

History

#1 - 2012-03-19 13:58 - Jérôme BATAILLE

- Status changed from New to Resolved

There is already the **Only display statuses that are used by this tracker** checkbox to does almost all the job.

#2 - 2012-03-19 16:23 - Etienne Massip

- Status changed from Resolved to Closed

- Resolution set to Invalid
