Redmine - Feature #20443

Add Priority header to Email notifications

Resolution:	Duplicate		

Description

Is it possible to add some custom header to Email notifications, that contains Priority of issue mentioned on Email? Now it contains Issue ID, author, assignee, but not priority.

What for: using that header I could set up my mail client to filter notifications by priority, e.g. place all Urgent to another mail folder, etc.

- Resolution set to Duplicate

Thank you for the suggestion.
I found similar issue #2746. Closing.
