<b>Description</b>			
<p>ApplicationHelper#render_if_exist was introduced in <a href="#">r19799</a> for <a href="#">#33102</a>. After discussion in that issue and subsequent issue <a href="#">#36524</a>, it was decided to remove the sidebars from the import views after all with <a href="#">r21390</a> and <a href="#">r21391</a>. It looks like that with that, ApplicationHelper#render_if_exist became unused and obsolete.</p> <p>If it is indeed confirmed obsolete, it might be desirable to deprecate the method and remove it (along with its tests) in the end.</p> <p><a href="#">FWIW: the names of the test methods contain a typo: s/redner/render.FWIW: the names of the test methods contain a typo: s/redner/render.</a></p> <ul style="list-style-type: none"><li>• <a href="#">source:/trunk/test/helpers/application_helper_test.rb@22416#L2189</a><ul style="list-style-type: none"><li>◦ test_redner_if_exist_should_be_render_partial</li></ul></li><li>• <a href="#">source:/trunk/test/helpers/application_helper_test.rb@22416#L2194</a><ul style="list-style-type: none"><li>◦ test_redner_if_exist_should_be_render_nil</li></ul></li></ul>
