

Redmine - Defect #40410

Watcher groups on new issue form get dereferenced on validation error

2024-03-15 22:04 - Felix Schäfer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Mariusus BĂLTEANU	% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	5.0.9	Affected version:	
Resolution:	Fixed		
Description			
<p>When creating a new issue, selecting a group as a watcher and causing a validation error (for example leave the subject blank), all users of the group will be selected in addition to the initially selected group.</p> <p>This test shows the problem:</p> <pre>diff --git a/test/functional/issues_controller_test.rb b/test/functional/issues_controller_test.rb index cce8ddc625..fb401c701d 100644 --- a/test/functional/issues_controller_test.rb +++ b/test/functional/issues_controller_test.rb @@ -4778,6 +4778,25 @@ class IssuesControllerTest < Redmine::ControllerTest assert_select 'input[name=?][value="8"][checked=checked]', 'issue[watcher_user_ids][])'</pre>			
<p>(Please note: The test above the one proposed in the diff uses the :not(checked) pseudo-selector, this however does not seem to work as expected)</p>
