Redmine - Feature #6877

Add prop (property) changes to revision diffs

2010-11-12 13:08 - Be Fio

Status:	Closed	**Start date:**	2010-11-12
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	SCM	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Duplicate		

Description

When you diff revisions, it's probably a good idea to also show SVN prop changes/additions/deletions, as there's no way to know what prop changes happened without downloading the unified diff. I don't know how other systems such as Mercurial, Git, etc work, but if they use something like props to, then this would probably also apply to them.

If this feature is included, please cancel my request at #6876, as this would conflict with it.
