I'm not sure what you mean, Luis.

related to #4403

#4 - 2011-04-04 09:06 - Luis Serrano Aranda

I have Redmine 1.1.2 (with your patch 1.1.0) and when I copy 2 tasks interrelated to another project the relations the relations disappear

I only update my patches with major releases, so if it's truly incompatible, you'll have to wait until 1.2.0.
