

Redmine - Defect #28322

Commit messages referencing issues should stop at line breaks

2018-03-12 09:53 - Gregor Schmidt

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	SCM	Estimated time:	0.00 hour
Target version:	Candidate for next minor release	Affected version:	
Resolution:			
Description			
<p>When referencing an issue via commit message, the matching should stop at line breaks. Otherwise, unexpected things may happen.</p> <p>E.g given the following commit message:</p> <pre>Initial version of Feature #123 Includes the following changes: #124 some UI fixes #125 still work in progress</pre> <p>the current implementation will mark #125 as fixed. I think, this is unexpected.</p> <p>I've attached a patch, which replaces all \s with [[:blank:]] in the relevant regular expressions. Those matchers are equivalent, but [[:blank:]] does not match \r\n. I've also added a test.</p> <p>This bug was identified by Holger Just from Planio.</p>			

History

#1 - 2018-03-12 09:59 - Jan from Planio www.plan.io

- Target version set to Candidate for next minor release

#2 - 2018-03-12 14:28 - Go MAEDA

Thank you for detecting and fixing this issue, it looks good to me.

But I am afraid that some people make use of the current behavior, like the following example.
