

Redmine - Feature #36197

Make the default behavior of copying attachments configurable when copying an issue

2021-11-16 09:26 - Go MAEDA

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	Candidate for next major release		
Resolution:			

Description

When copying an issue, you can select the following behaviors:

1. whether to make a relation between source and destination issues
2. whether to copy attachments

And the former has a setting to set the default behavior ([#18500](#)). However, the latter does not.

I think it should also be possible to configure the default behavior whether to copy attachments or not.

Settings

- General
- Display
- Authentication
- API
- Projects
- Users
- Issue tracking**
- Time tracking

Allow cross-project issue relations

Link issues on copy Ask

Copy attachments on copy Ask

Allow cross-project subtasks With project tree

Close duplicate issues automatically

Allow issue assignment to groups

Use current date as start date for new issues

Display subprojects issues on main projects by default

Calculate the issue done ratio with Use the issue field

History

#1 - 2021-11-22 06:53 - Yuichi HARADA

- File 36197.patch added

+1

I think it's a great way if you don't want to copy attachments.
I created a patch and attached it.

#2 - 2021-12-16 08:43 - Go MAEDA

- Target version set to Candidate for next major release

#3 - 2021-12-21 08:58 - Go MAEDA

- Target version changed from Candidate for next major release to 5.0.0

Setting the target version to 5.0.0.

#4 - 2021-12-31 01:48 - Go MAEDA

- Target version changed from 5.0.0 to Candidate for next major release
