### History

#### #1 - 2024-04-08 13:59 - Holger Just

- Status changed from New to Needs feedback

I'm not sure I understand what you want to achieve

Do you want the information from link title to not be present at all? Or do you want to include the information in the text itself (in that case, you can use a double-hash, e.g. ##40425)? Or do you want to something else entirely?

Please be specific!

(Also, be aware that Redmine 3.4 is not maintained anymore and does not receive any updates anymore. You may want to update to a newer Redmine version. See [Download](#) for a list of supported Redmine versions.)

#### #2 - 2024-04-08 14:23 - Gco IT

Hi thank you for your reply....

If someone mentions the issues number in notes / Description of the any issues, when the mail is triggered we are able to click the issues number and go the issues (even I am not the Assignee, watcher of that project).

[#40425](#)

#### #3 - 2024-04-08 14:27 - Gco IT

Example : This task I am not involved [#202](#) but it will opened

#### #4 - 2024-04-16 12:13 - Gco IT

I received a notification email for my project related issues in which someone specified an issue number in the notes, which I may view without regard to the project category.

Test [#101](#)

#### #5 - 2024-04-16 12:16 - Gco IT

Test

#### #6 - 2024-04-16 12:22 - Gco IT

Test [#111](#)

#### #7 - 2024-04-16 12:24 - Gco IT

- File *redmine\_notification.png* added

#### #8 - 2024-04-28 08:24 - Marius BĂLTEANU

- Status changed from Needs feedback to Closed

- Resolution set to Invalid

Project category doesn't handle issue visibility. Also, email body can contains issue numbers which are not visible for email receiver and this is ok.
