Redmine - Patch #1022

Patch for #1003

2008-04-08 22:22 - Rocco Stanzione

Status:	Closed	**Start date:**	2008-04-08
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	UI	**Estimated time:**	0.00 hour
Target version:			

Description

This adds a "new issue" javascript menu item that's available if you're logged in and have any project memberships. The menu displays a list of projects (and subprojects) with links to create a new issue for the selected project. You'll probably want to do some work on the CSS, and you may want to completely re-engineer the javascript, but this works for me.

Related issues:

Related to Redmine - Patch #2457: Different style of new issue/timelog interface	**Needs feedback**	**2009-01-07**
Related to Redmine - Feature #1003: Allow "New Issue" from anywhere	**Closed**	**2008-04-05**

History

#1 - 2013-03-17 16:26 - Daniel Felix

- Status changed from New to Closed

Closed as this one wont apply clear on the current trunk. The corresponding issue #1003 is closed too.
