Oops, this appears to be a duplicate of #9523. Though that one's been idle for 4 months. The fix for a similar problem (#10199) took a day to resolve (and with a small patch to boot), I would guess that this can be resolved without too much trouble :)

#2 - 2012-02-20 18:13 - Elmer de Looff

Also, as can be seen on the aforementioned defect #9523, the {{toc}} **does** work on the issues page, but does *not* on the wiki.

- Status changed from New to Closed

- Resolution set to Duplicate

I confirm that r8841 fixed this issue as well (will be part of 1.3.2).
Marking this as duplicate of #9523.

Splendid, thanks :-)
