Description

I have yet another idea to make the activity view more readable.

Right now we have this:

```
12:02 Feature #1034: Test Guide (Resolved)
      sorry for double posting.
      Philippe Lafoucrière
```

I think it would be more readable like this:

```
12:02 Resolved: Feature #1034: Test Guide
      sorry for double posting.
      Philippe Lafoucrière
```

Again a very small change but should help a bit when skimming the list.

What do you guys think?

PS: The event should probably also be **bold** or a different color so it stands out.

+1

#3 - 2008-04-10 18:07 - David Elioizndo

- Assignee set to Eric Davis

#4 - 2008-06-14 17:30 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee deleted (Eric Davis)

- Target version set to 0.7.2

- Resolution set to Fixed

The status is now just after the issue number ([r1505](#)).
