

## Redmine - Feature #10764

### Allow multiple user sessions

<b>Description</b>			
Currently only one session per user is possible. As soon as you login a second time your previous session will be canceled. This is quite annoying when using redmine from multiple locations or with multiple browsers. If that is already possible, it needs to be documented.

- Resolution set to *Cant reproduce*

Works for me. I can sign in with the same user account using 2 browsers.

#### #2 - 2021-06-06 14:08 - Go MAEDA

- Status changed from *New* to *Closed*
