

Redmine - Defect #1080

cannot connect to mysql: No such file or directory - /tmp/mysql.sock

2008-04-20 13:14 - Georg Koltermann

Status:	Closed	Start date:	2008-04-20
Priority:	High	Due date:

Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description I get this error when trying to init the db on Ubuntu 7.10. The error is understandable since the MySQL socket in Ubuntu is at /var/run/mysqld/mysqld.sock. But how do I tell this to Redmine, and shouldn't it be autodetected? I can't continue.
