

Redmine - Defect #10854

Authentication Issues in browser

2012-05-08 15:41 - Rick H

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description We have enabled the Rest API to use XML. Some users are getting authentication errors in Firefox, only when they have two or more sessions open. They are getting a pop up labeled REST API, username / password. But they are not using any API functions. Any suggestions.			

History
