Redmine - Defect #10854

Authentication Issues in browser

2012-05-08 15:41 - Rick H

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**

Category:	REST API	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid	**Affected version:**	

Description

We have enabled the Rest API to use XML.
Some users are getting authentication errors in Firefox, only when they have two or more sessions open.
They are getting a pop up labeled REST API, username / password.
But they are not using any API functions.
Any suggestions.

History
