

Redmine - Defect #10855

Cannot create new issue status - v1.4

2012-05-08 23:31 - Mariano crivello

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution: Invalid	
Description Since the update, A newly added issue status does not show up in the available options. I have created a new issue status named "billing" and this is not available in the drop down. It also does not appear in the workflows. I have tested changing the issue status to Default... and when I do that.. it shows ONLY the new issue status and not the others. Please advise, Mariano Crivello	

History

#1 - 2012-05-09 08:22 - Mariano crivello

- Status changed from New to Resolved

NM,

you have to uncheck: Only display statuses that are used
in the workflows section to build workflow for new issue status.

#2 - 2012-05-09 16:57 - Mischa The Evil

- Status changed from Resolved to Closed

- Resolution set to Invalid
