

## Redmine - Defect #11153

### Default sorting for target version is DESC instead of ASC

2012-06-14 01:39 - Maxim Nikolaevich

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>

<b>Target version:</b>	2.1.0	<b>Affected version:</b>	1.4.3
<b>Resolution:</b>	Fixed		
<b>Description</b>			
default_order for fixed_version should be ascending			
since <a href="#">#832</a> implementation target version default sorting is DESC			
It does not matter in most cases cause i can change it to ASC manually but...			
I can't change it in time using "Group results by" feature			
For example <a href="#">Roadmap</a>			
use ASC sorting so it's required to change default value
