Redmine - Defect #11207

Issues associated with a locked version are not copied when copying a project

2012-06-20 13:22 - Alfred Costa

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Jean-Philippe Lang		**% Done:**	0%
Category:	Administration		**Estimated time:**	0.00 hour
Target version:	2.1.0			
Resolution:	Fixed		**Affected version:**	1.3.2

Description

When I try to copy a project from Administration/Projects, it displays all the items to be copied and their number correctly (Issues, versions, wiki, ...).

On the project I want to copy, there are two versions, one opened and one locked. Both have issues associated to them with the "Target version" field.

When I copy the project, the issues linked to the locked version are not copied.
Another problem is that it does not keep the hierarchy set with the "Subproject of" field.

Here are my installation details:
About your application's environment
Ruby version   1.8.7 (i686-linux)
RubyGems version   1.7.2
Rack version   1.1
Rails version   2.3.14
Active Record version   2.3.14
Active Resource version 2.3.14
Action Mailer version   2.3.14
Active Support version 2.3.14
Edge Rails revision   unknown
Application root   /home/forge/deps/redmine-1.3.2
Environment   production
Database adapter   mysql
Database schema version 20110902000000
