

Redmine - Defect #11307

Can't filter for negative numeric custom fields

2012-07-02 17:12 - Brian Crowell

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:	2.0.4	Affected version:	1.4.3
Resolution:	Fixed		
Description			
<p>Trying to filter issues for negative custom field integers (and possibly other integers) doesn't work due to the regex under the "when :integer" clause in <code>validate_query_filters</code> in source:trunk/app/models/query.rb, which doesn't allow a leading sign.</p> <p>I have it in 1.4.3, but I see that the issue is in trunk also, on line 177. I fixed it in my version by replacing the regex with:</p> <pre>/^[+-]?\d+\$/</pre>			

Associated revisions

Revision 9908 - 2012-07-04 20:50 - Jean-Philippe Lang

Fixed: Can't filter for negative numeric custom field (#11307).

History

#1 - 2012-07-04 20:39 - Jean-Philippe Lang

- Target version set to 2.0.4

#2 - 2012-07-04 20:50 - Jean-Philippe Lang

- Subject changed from *Can't filter for negative custom field integers* to *Can't filter for negative numeric custom fields*
- Status changed from *New* to *Resolved*
