History

#1 - 2012-09-25 07:05 - Toshi MARUYAMA

- Category set to PDF export

#2 - 2012-09-25 07:05 - Toshi MARUYAMA

- Subject changed from Unicode charater broken when exporting to PDF to Vietnamese Unicode charater broken when exporting to PDF

#3 - 2012-09-25 07:08 - Toshi MARUYAMA

Redmine switches PDF font on user locale.
<source:tags/2.1.0/lib/redmine/export/pdf.rb#L44>

To export Vietnamese, you need to set Vietnamese locale on user preference.

#4 - 2012-09-25 07:43 - Nguyen Dang Quang

I change account language to Vietnamese then I can export PDF in Vietnamese corectly. But If may colleague is not Vietnamese, they will get broken font! It is not comfortable at all. Why redmine not treat all as Unicode? In a multi-language company, I think it is a huge problem.

#5 - 2012-09-25 09:05 - Toshi MARUYAMA

- Status changed from New to Closed
