Redmine - Defect #12057

CSS class about issue priority is possibly based on the enumeration ID field instead of position

2012-10-10 12:33 - G N

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:			
Resolution:	Duplicate	**Affected version:**	2.1.2

Description

In the issues list view, the CSS class that is set in each table row regarding the priority of the issue is based on the enumeration ID instead of its position.

Example of issue with "Immediate" priority:

```
<tr id="issue-706" class="hascontextmenu odd issue status-2 priority-7 created-by-me assigned-to-me">
```

priority-7 is wrong and should be one of *priority-{1,2,3,4,5}*.
