If you use View differences view the source code file.
The source code file encoding and redmine encoding different, view the source code of the local characters may be garbled.

Encoding : OEM

History

#1 - 2008-05-08 11:24 - Zealic Zeng

- File diff.jpg added

#2 - 2008-05-25 14:05 - Jean-Philippe Lang

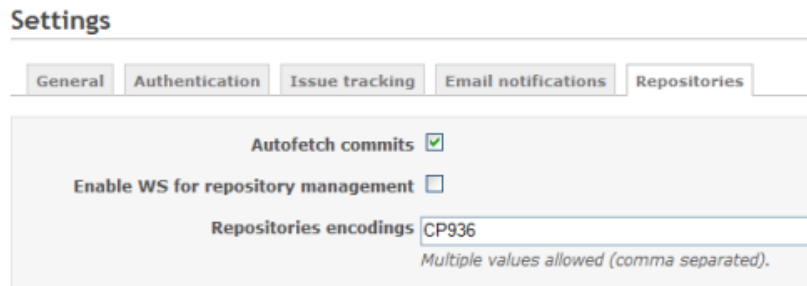

- File repositories_encodings.png added

- Status changed from New to Closed

- Target version deleted (0.8)

- Resolution set to Invalid

Add your local encoding to the *Repositories encoding* setting in administration -> settings -> repositories:

This should solve your problem. Reopen if needed.
