Target version:	3.4.0		
Resolution:	Fixed		

Description

It would be very handy to include the attachments information to the issues.xml in the REST API
Same is already implemented for relations (issues.xml?include=relations)

Idea is to implement something like

```
api.array :attachments do
   issue.attachments.each do |attachment|
     render_api_attachment(attachment, api)
   end
end if include_in_api_response?('attachments')
```

In the index.api.rsb file. Include attachements with issues.xml?include=attachments

Thanks

Any news on that one? Are you planning to extend the REST API?

#2 - 2013-02-28 13:23 - Anonymous

- File index.api.rsb.patch added

This is a patch to trunk 11491

I would really appreciate if this could get into trunk.

Thanks

#3 - 2017-03-03 18:19 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Target version set to 3.4.0

- Resolution set to Fixed

#4 - 2017-03-31 14:54 - Toshi MARUYAMA

- Description updated
