Redmine - Defect #12201

svn password is written to log when connecting to svn

2012-10-24 12:57 - Markus Buchner

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	SCM		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Cant reproduce		**Affected version:**	2.1.0
Description				

If I run redmine in production mode and configuring a svn repository the svn password is written to the logs ...
In my opinion passwords should never be displayed in plain text somewhere

History

#1 - 2012-10-24 23:09 - Jean-Philippe Lang

- Resolution set to Cant reproduce

Please provide some information if you want this problem to be investigated.
I don't get any password in the logs in production mode.

#2 - 2017-03-13 04:38 - Go MAEDA

- Status changed from New to Closed

Please reopen this issue if the problem still persists.
