Redmine - Defect #12298

Right-click context menu unable to batch/bulk update (IE8)

2012-11-03 21:44 - Tim Whitehead

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:	Jean-Philippe Lang	**% Done:**	0%
Category:	UI	**Estimated time:**	0.00 hour
Target version:	2.1.4		
Resolution:	Fixed	**Affected version:**	2.1.2

Description

When using IE8, I am unable to bulk/batch update on tickets - After right-clicking a single item is selected instead of the multiple items that were checked off before the right-click

Reproduce:

1. Select/Check 2 or more tickets
2. Right click one of the tickets

The ticket that was right-clicked on is now the only selected ticket

Expected results:

1. Select/Check 2 or more tickets
2. Right click one of the tickets
3. All ticket remain selected and context menu appears.

This is how Chrome & Firefox works.

About:

```
Environment:
  Redmine version                        2.1.2.stable
  Ruby version                           1.8.7 (i686-linux)

Associated revisions

Revision 10836 - 2012-11-18 11:02 - Jean-Philippe Lang

Fixed context menu for IE 7/8 (#12298).

Revision 10871 - 2012-11-23 23:28 - Jean-Philippe Lang

Merged r10836 from trunk (#12298).

History

#1 - 2012-11-08 23:24 - Jean-Philippe Lang

I'm not able to test with IE8 but works fine with IE9.

#2 - 2012-11-14 11:30 - fangzheng (方)

Yes it's really reproducible.

I tried Compatibility View but it still occurs, so maybe it will also occurs on IE7.
I haven't try IE6.

By the way, this issue **DOESN'T** occur on our own redmine ver. 1.3.x with IE8.

#3 - 2012-11-14 12:00 - Etienne Massip

- Affected version (unused) set to 2.1.2

- Affected version set to 2.1.2

I do confirm I can't multiselect issues in list by left-clicking on their lines, they simply don't get checked and selected even if the mouse cursor is a
hand.

#4 - 2012-11-14 12:25 - Etienne Massip

- Status changed from New to Confirmed

- Target version set to Candidate for next minor release

Restoring the navigator check commented in source:/trunk/public/javascripts/context_menu.js@10068#L28 solved my issue.

event.which returns 0. There's a jQuery bug which has been open then closed as dupe of another one, itself being closed because of the lack of
feedback.

Please try to remove the comments as I did and tell us if it solves your problem too.

#5 - 2012-11-14 15:48 - Tim Whitehead

I didn't even notice that clicking anywhere on the row (with/witout holding ctrl) was not selecting the item, I was initially only clicking directly on the
checkboxes.

I can **confirm** after un-commenting
http://www.redmine.org/projects/redmine/repository/revisions/10068/entry/trunk/public/javascripts/context_menu.js#L28 that the context menu issue is
resolved in IE8.

#6 - 2012-11-15 09:07 - Etienne Massip

Actually I'm not sure that the event.which == 1 test is necessary at all since the contextMenuClick handler is bound to the click event which should
only be triggered on left button click.

Prototype.js isLeftClick() is a consequent piece of code uneasy to replace.

#7 - 2012-11-18 09:52 - Jean-Philippe Lang

- Target version changed from Candidate for next minor release to 2.1.4

#8 - 2012-11-18 11:02 - Jean-Philippe Lang

- Status changed from Confirmed to Resolved

- Resolution set to Fixed

Fix committed in [r10836](#).

#9 - 2012-11-23 23:28 - Jean-Philippe Lang

- Status changed from Resolved to Closed

- Assignee set to Jean-Philippe Lang

Merged in 2.1-stable.
