Could you supply the results of your logfile (e.g. @log/production.log). You should be able to reload the page and see at least two long exception messages.

#3 - 2008-05-16 04:04 - Steven Vo

- File repository_statistics_logs.txt added

The logs file is attached.

#4 - 2008-05-16 17:31 - Jean-Philippe Lang

- Status changed from New to Closed

- Affected version (unused) deleted (0.7.0-RC1)

- Resolution set to Invalid

Same as #598. I've just added it to the FAQ.
