#### #2 - 2013-07-17 18:12 - Michael Nagel

Is it general consensus that the new behavior is strictly better in all cases?

Could the grouping be made optional?  
Where is the place to discuss this?

### #3 - 2017-10-25 18:51 - Mischa The Evil

- Related to Patch #27240: Render the activities block on the UsersController#show view grouped, with event\_type icon and with the 'me' indication added
