I had a little time to look at this.

Undoing Revision 10076 causes issue to be sorted as before.

However issues that are not associated with a revision come on top ('none').

How would I go about fixing this?

It changed by #11153.

#4 - 2013-03-27 05:38 - Toshi MARUYAMA

- Status changed from New to Closed

- Resolution set to Duplicate

Duplicate with #6974.

#5 - 2013-03-27 21:39 - Ivan Kanis

- Status changed from Closed to Reopened

I know it has changed. I do not think it is a duplicate.

I am asking for a way to have the same order as 1.0.3.

Specifically issues that have no target version to be at the bottom of the list.
