Redmine - Defect #12954

Required field can't be read-only

2013-01-23 10:32 - Daniel Felix

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues workflow		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Duplicate		**Affected version:**	2.3.2

Description

Hi,

I've encountered some bug, which prevents the creation of a new issue.

Maybe this is solved by commiting [#12005](#12005), but in the current trunk and Redmine 2.2.2 this bug is reproduceable.

Ways to reproduce this error:

1. Set custom field as required

2. Define field as read-only in workflow

Workflow

Status transitions | **Fields permissions**

Select a role and a tracker to edit the workflow:

Role: [Manager ▼] Tracker: [Fehler ▼] [Edit] ☑ Only display statuses that are used by t

	Neu
⊟ **Standard fields**	
Project *	[▼]
Tracker *	[▼]
Subject *	[▼]
Description	[▼]
Priority *	[▼]
Private *	[▼]
Assignee	[▼]
Category	[▼]
Target version	[▼]
Parent task	[▼]
Start date	[▼]
Due date	[▼]
Estimated time	[▼]
% Done	[▼]
⊟ **Custom fields**	
AuswertungsID *	[Read-only ▼]

3. Try to add issue, as you could see the field isn't displayed in the form but is checked in the required process

Maybe this one is related with [#12856](#), which hasn't any relation to custom fields, but the result seems to be the same.

Some suggestion to solve this:
Commit patch from [#12005](#), remove required checkbox from custom fields, set currently required fields to "required" in all workflows. This way there is no way to set a field as read-only and required.

Best regards,
Daniel

History

#1 - 2013-01-23 10:37 - Daniel Felix

- Description updated

#2 - 2013-01-23 10:39 - Daniel Felix

- Description updated

#3 - 2013-08-08 17:11 - Daniel Felix

- Affected version (unused) changed from 2.2.2 to 2.3.2

- Affected version changed from 2.2.2 to 2.3.2

I can reproduce this, even with the current release or with 2.3.2-devel ([r12012](#)).

It would be good to prevent setting a field to "hidden", if it is a required field. Or on the other hand, the field should be only required if it is visible to the user.

#4 - 2017-02-19 04:52 - Go MAEDA

- Is duplicate of Defect #19193: Custom Field definition inconsistency added

#5 - 2017-02-19 04:53 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Duplicate

Fixed by [#19193](#) (Redmine 3.1.0).
