

Redmine - Defect #13075

Can't clear custom field value through context menu in the issue list

2013-02-04 13:06 - Danil Tashkinov

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:	2.2.3	Affected version:	2.2.2
Resolution:	Fixed		
Description When selecting issue (or multiple issues) in the issue list, right clicking and selecting CUSTOM_FIELD_NAME from the context menu, click "none" then issue does not change. I suppose problem is using an empty string instead of "__none__" when calling bulk_update_custom_field_context_menu_link method. http://www.redmine.org/projects/redmine/repository/entry/trunk/app/views/context_menus/issues.html.erb#L114 <pre><% unless field.is_required? %> <%= bulk_update_custom_field_context_menu_link(field, 1(:label_none), '') %> <% end %></pre>			

Associated revisions

Revision 11331 - 2013-02-07 19:35 - Jean-Philippe Lang

Fixed: Can't clear custom field value through context menu in the issue list (#13075).

Revision 11333 - 2013-02-07 20:58 - Jean-Philippe Lang

Test failures from r11331 (#13075).

Revision 11363 - 2013-02-12 19:01 - Jean-Philippe Lang

Merged r11331 and r11333 from trunk (#13075).

History

#1 - 2013-02-07 19:36 - Jean-Philippe Lang

- Status changed from New to Resolved
- Assignee set to Jean-Philippe Lang
- Target version set to 2.2.3
- Affected version (unused) changed from devel to 2.2.2
- Resolution set to Fixed
- Affected version set to 2.2.2

Fixed in [r11331](#), thanks for pointing this out.

#2 - 2013-02-12 19:01 - Jean-Philippe Lang

- Status changed from Resolved to Closed
