Korean translation changed by Lucas Yang (#13399)

Revision 11561 - 2013-03-08 11:08 - Toshi MARUYAMA

Merged r11560 from trunk to 2.3-stable (#13399)

Korean translation changed by Lucas Yang.

History

#1 - 2013-03-08 12:46 - Toshi MARUYAMA

- Status changed from Resolved to Closed

- Target version set to 2.3.0

Committed in trunk [r11560](#) and 2.3-stable [r11561](#), thanks.

I dropped following changes.

```
diff --git a/config/locales/ko.yml b/config/locales/ko.yml

Because /etc/redmine/<instance>/configuration.yml is for specific installation.

#2 - 2013-03-10 05:23 - Jongwook Choi

Hello,

Some of wrong translations are modified well, but unfortunately,
I don't think I mostly agree with the modified translation changes which are quite debatable.

I am contacting the original author (Mr. Yang) to debate on this patch,
and we are going to make a consensus and therefore submitting a renewed patch as soon as possible.

Thanks!
