update .gitignore for non-default themes + plugins (#13476)

Contributed by Pieter Nicolai.

History

#1 - 2013-03-14 14:58 - Anonymous

- File `2_update_gitignore_file_for_themes_plugins.diff` added

updated patch for only gitignore, apparently the hgignore should probably be written with a regexp syntax

#2 - 2013-03-15 11:53 - Toshi MARUYAMA

- Subject changed from `update ignore files for non-default themes + plugins` to `update .gitignore for non-default themes + plugins`

- Category deleted (SCM)

- Status changed from `New` to `Closed`

Committed in trunk [r11626](#), thanks.
