<b>Resolution:</b> Invalid	

**Description**

Hi,

I am running Redmine 2.2.3 on a linux box. While i try to upgrade to 2.2.4 from 2.2.3, i have this :

```
myhost:/srv/www/vhosts/redmine-2.2 # svn update
svn: Could not open the requested SVN filesystem
```

I always use this command without any problem.

Any help ?

Tx,  
Patrice

#### History

##### #1 - 2013-03-20 12:27 - Patrice Bonhomme

Subversion command-line client, version 1.5.7.

##### #2 - 2013-03-20 13:49 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Invalid
