

## Redmine - Patch #13696

### Projects admin, show issues count

2013-04-05 16:42 - Jérôme BATAILLE

<b>Status:</b> New	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b> Projects	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Description</b> Patch made against Redmine V1.2.1, but should work for earlier versions.	
<b>Related issues:</b> Related to Redmine - Feature #23954: Shows the date of the last activity on P... <b>Closed</b> Related to Redmine - Feature #29482: Query system for Projects page <b>Closed</b>	

### History

#### #1 - 2013-04-05 16:53 - Jérôme BATAILLE

- File `RM_13696_Projects_admin_show_issues_count_RM_V1.2.1.diff` added

Here is the patch.

This patch adds too a projects count depending of the filters.

#### #2 - 2016-01-11 07:14 - Go MAEDA

- File `projects_admin_show_issues_count_v2.diff` added

- File `projects-with-issues-count.png` added

- Target version set to Candidate for next major release

+1

Showing issues count is convenient for admins especially when a admin is to delete projects.

Here is an updated patch applicable to current trunk ([r15058](#)).

## Projects

#### #3 - 2016-01-21 02:13 - Go MAEDA

- Target version changed from Candidate for next major release to 3.3.0

#### #4 - 2016-03-06 17:17 - Robert Schneider

I would suggest to add the open and closed issue count to this column as well. Ideally, as a link to that issues. I could imagine one would like to make sure that all issues of a project are closed before archiving it.

#### #5 - 2016-03-19 00:48 - Jérôme BATAILLE

- File `redmine_projects_list.png` added

Robert Schneider wrote:

You're right, it can be helpful too, to have :

- Subprojects count
- Members count

To not overload the view we can display these fields only when a project filter is filled.

Here is what it can look like :

Identifier	Public	Issues (open) Members / Subprojects	Subproject of
formationinternet		58 (47) 29 / 62	Formation
projet-test-redmine-version-1		5 (5) 29 / 1	Test formation Redmine
espace-client-redmine-v1		0 (0) 2 / 0	Projet test redmine version 1
test-formation-redmine-interne		3 (3) 2 / 0	Test formation Redmine
redmine-boost		0 (0) 5 / 0	DIRECTION TECHNIQUE
redmine-smile		0 (0) 2 / 47	DSI

#### #6 - 2016-03-19 00:59 - Jérôme BATAILLE

- File *projects.html.erb* added

Here is what we use everyday, sorry it's not a clean patch and there is no tests.

#### #7 - 2016-05-07 10:08 - Jean-Philippe Lang

- Target version deleted (3.3.0)

IMO, we rarely need to see this information on the project list.

When an admin needs to delete a project, he can easily check the open/closed issues on the project overview.

We'll add this as an optional column when the project list will be made configurable (like the issue list).

It's ok for me, for an optional column, I suppose a simple checkbox like **Show project details** would be perfect.

For project admins managing a Redmine with a lot of projects, it's very useful because in the same place you have all the informations gathered, to decide if a project can be deleted or has to be archived. It's a spare of time in the case he has to check a bunch of projects with sub-projects.

Thanks for your time.
