

Redmine - Feature #13862

Better mail response when creating new issue via email submission

2013-04-24 11:43 - Francesco V

Status: New	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Email receiving	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description My redmine installation is configured to receive e-mail. When i try to create a new issue on unspecified project redmine answer is: <code>Request was denied by your Redmine server. Possible reasons: email is sent from an invalid email address or is missing some information.</code> but in file log <code>MailHandler: missing information from Francesco: Unable to determine target project</code> Same result for missing required field <code>Validation failed: Categoria non può essere lasciato in bianco</code> (Category cannot be blank).
