

Redmine - Patch #13892

Wrapping Mainmenu on long menus

2013-04-26 16:10 - Daniel Felix

Description Hi there, I created a small CSS patch, which aims to fix the wrap of the main-menu if there are many plugin menu items which disturb the normal display of the menu. Maybe you can give it a try. I tried it in IE and Chrome and Firefox (always latest releases). Best regards, Daniel

Added it as a 'related' relation because this issue provides a patch for it.
