

Redmine - Feature #14024

Default of issue start and due date

2013-05-10 13:28 - Toshi MARUYAMA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	2.4.0		
Resolution:	Fixed		

Description

Current behavior

If date is blank, default is **today** (=2013-05-10).

When you want to set date 2013-08-10, you need to click "next" 3 times.

This feature

If issue start date set "2013-08-10",
default issue due date becomes issue start date (=2013-08-10).

It prevents to click "next" button.

before-click.png

The screenshot shows a Redmine issue form with a date picker open for the 'Start date' field. The start date is set to 2013-08-10. The date picker shows a calendar for August 2013. A red arrow points from the start date field to the 'Done' button of the date picker, indicating that the 'next' button is disabled.

I add this feature patch.
