

## Redmine - Defect #14071

### HTML links weird when using special characters

2013-05-16 09:52 - André Bachmann

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Text formatting	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	2.3.1
<b>Resolution:</b>	Wont fix		
<b>Description</b>			
<p>I observed a problem with HTML links in the Ticket description input field (this applies also to wiki pages, of course). My text was this:</p> <pre>"69,95 €":http://www.reichelt.de/?ACTION=3;ARTICLE=87308;GROUPIP=771;PROVID=2;&amp;utm_source=Preisvergleich&amp;utm_medium=CP C&amp;utm_campaign=Preisvergleich_geizhals.at-de&amp;psuma=geizhals.at-de&amp;</pre> <p>Now look what Redmine does to it: <a href="#">69.95 €%</a></p> <p>As you can see, it shows an additional % symbol (which clearly doesn't exist) and it changes the last ampersand (&amp;) to x%x in the URL.</p> <p>I'm not sure, but this may be related to <a href="#">#10413</a>.</p> <p>My Redmine infos:</p> <pre>bash-4.1# RAILS_ENV=production rake about About your application's environment Ruby version      1.9.3 (x86_64-linux) RubyGems version  1.8.24 Rack version      1.4 Rails version     3.2.13 Active Record version  3.2.13 Action Pack version  3.2.13 Active Resource version 3.2.13 Action Mailer version 3.2.13 Active Support version 3.2.13 Middleware        Rack::Cache, ActionDispatch::Static, Rack::Lock, #&lt;ActiveSupport::Cache::Strategy::LocalCache::Middleware:0x000000032869e8&gt;, Rack::Runtime, Rack::MethodOverride, ActionDispatch::RequestId, Rails::Rack::Logger, ActionDispatch::ShowExceptions, ActionDispatch::DebugExceptions, ActionDispatch::RemoteIp, ActionDispatch::Callbacks, ActiveRecord::ConnectionAdapters::ConnectionManagement, ActiveRecord::QueryCache, ActionDispatch::Cookies, ActionDispatch::Session::CookieStore, ActionDispatch::Flash, ActionDispatch::ParamsParser, ActionDispatch::Head, Rack::ConditionalGet, Rack::ETag, ActionDispatch::BestStandardsSupport, OpenIdAuthentication Application root   /opt/redmine-2.3.1-0/apps/redmine/htdocs Environment       production Database adapter   mysql2 Database schema version 20130217094251</pre>

#### History

##### #1 - 2013-05-16 10:16 - Etienne Massip

That's because of the trailing URL query parameter separator '&'. You can remove it safely from the URL if it's not followed by anything:

[69.95 €](#)

##### #2 - 2013-05-16 10:28 - Toshi MARUYAMA

- Category set to Text formatting

**#3 - 2018-09-15 03:47 - Go MAEDA**

- *Status changed from New to Closed*

- *Resolution set to Wont fix*
