<b>Target version:</b>	2.5.1	<b>Affected version:</b>	
<b>Resolution:</b>	Fixed		

#### Description

On the **New Issue** page, after clicking **Add** on **Search for watchers to add** without selecting any user, generates the following error on the logs:

An ActionView::Template::Error occurred in watchers#append:

```
undefined method `each' for nil:NilClass
app/views/watchers/append.js.erb:1:in `_app_views_watchers_append_js_erb__1816769395046035616_62007020'
actionpack (3.2.13) lib/action_view/template.rb:145:in `block in render'
activesupport (3.2.13) lib/active_support/notifications.rb:125:in `instrument'
actionpack (3.2.13) lib/action_view/template.rb:143:in `render'
actionpack (3.2.13) lib/action_view/renderer/template_renderer.rb:47:in `block (2 levels) in render_template'
actionpack (3.2.13) lib/action_view/renderer/abstract_renderer.rb:38:in `block in instrument'
(...)
```

A possible fix is to change **WatchersController#append** to render nothing when no user is selected:

```
def append
  if params[:watcher].is_a?(Hash)
    user_ids = params[:watcher][:user_ids] || [params[:watcher][:user_id]]
    @users = User.active.find_all_by_id(user_ids)
  else
    render :nothing => true
  end
end
```

My redmine environment is:

---

#### Environment:

```
Redmine version      2.3.1.devel
Ruby version         1.9.3 (x86_64-linux)
Rails version        3.2.13
Environment          production
Database adapter     PostgreSQL
```

#### SCM:

```
Subversion           1.7.5
Mercurial             2.6.1
Cvs                  1.12.13
```

Bazaar	2.6
Git	1.7.10.4
Filesystem
