

Redmine - Defect #14432

Sorting issues with subtasks

2013-07-11 15:02 - Lucas Ribeiro

Status:	Closed	Start date:	
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	2.3.1
Resolution:	Duplicate		
Description There is an odd behavior when sorting issues with subtasks. If I first sort for priority and later by parent task, the resulting sort is by Parent Task and then issue number. A custom filter produces the same outcome. Maybe there should be an option to lock subtasks below parent issues, regardless of sorting type?
