#### Description

In the database table repositories a field named "extra\_info" has type "text", which in mysql is limited to 65535 chars. This breaks fetch\_changesets command on repositories with a very large amount of branches (git). Actual reason is that it stores only part of the last commit hash or other line (like "\b" for "\binary"), and this causes errors in fetch\_changeset:

```
$ /usr/local/rvm/bin/redmine_rails runner "Repository.fetch_changesets" -e production

Changing the field type to LONGTEXT fixes the problem.

Change extra\_info to long text (#14626).

Patch by Go MAEDA.

- Category changed from Database to SCM

##### #2 - 2015-10-20 01:24 - Dan Mick

Any plans to affect this?

In the meantime, not being a Rails programmer, can I change this in the database and expect the code to Just Work? (Edit: no, it'd at least take a

migration and possible code change)

How to change on Rails?

I think you had better remove merged branches.

### #5 - 2016-06-24 07:03 - Florian Gruber

encountered the same problem, Redmine version 3.1.1.stable.14752

```
Processing by SysController#fetch_changesets as HTML
```

```
Parameters: {"key"=>"*****"}  
mysql2::Error: Data too long for column 'extra_info' at row 1: UPDATE `repositories` SET `extra_info` = '---\n  
extra_report_last_commit: \'1\' \nheads:\n- !binar ...  
...  
n' WHERE `repositories`.`id` = 50
```

anything else to do except ?

```
ALTER TABLE repositories MODIFY extra_info LONGTEXT;
```

### #6 - 2017-03-20 06:13 - Go MAEDA

- Related to Defect #20127: The description column in the issues table is too short (MySQL) added

### #7 - 2017-03-20 06:26 - Go MAEDA

- File 14626-change\_repositories\_extra\_info\_limit.diff added

Shouldn't we fix this issue along with #20127?

This is a patch to fix this: [14626-change\\_repositories\\_extra\\_info\\_limit.diff](#)

### #8 - 2017-03-28 10:34 - Go MAEDA

- Target version set to 3.4.0

### #9 - 2017-04-03 07:33 - Jean-Philippe Lang

- Subject changed from repositories' extra\_info is too short to Repositories' extra\_info column is too short with MySQL

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Committed, thanks.
