Description

Branch: 2.3-stable
Revision: 11981

It just changes (Simplified) Chinese and English translation of **field_effective_date** from *Date* to ~~Due to~~ *Due date* (ref:
#22315#note-7).
I think that's more meaningful.

Japanese translation for field_effective_date is "□□" (means "due date") from years ago.
I think it would be better to change Chinese translation too.
