

Redmine - Feature #15029

When filter by "blocked by" = "any", take into account if blocking issue is already closed (so no really blocking)

Description	
<p>I use this filter to filter out some issues that can not be done yet because they are blocked by another one.</p> <p>But, I think it will be very useful to take into account if the blocking issue is already closed. This way, the initially blocked issue will be no longer blocked.</p> <p>I like to keep the issues relations, even when the related issues are closed.</p> <p>I do not know if this is a defect or a feature. If in doubt, can you add some extra values in the filter? I mean, "blocked by" + "any - anytime" + "any - now", ...</p>

History

#1 - 2013-10-28 15:19 - Arthur Andersen

- File *redmine_add_relation_filters.patch* added

I wrote a patch that adds relation filters:

- 'any open issues'
- 'none or closed issues'

Currently only the english localisations were added.

Though I suggest a german translation:

label_any_open_issues: irgendein offenes Ticket
label_none_or_closed_issues: kein Ticket oder geschlossene Tickets

I hope this will be merged any time soon. A simple patch, guys. Please :-)

- Related to Feature #16621: Ability to filter issues blocked by any/no open issues added

#4 - 2015-06-10 04:14 - Mischa The Evil

- Duplicated by Feature #19171: "any open / none open" filter for (follows / blocked) relationships added

#5 - 2015-09-03 20:28 - Maxim Nikolaevich

just FYI: i created patch long time ago for this feature. It was placed #4985#note-7

#6 - 2015-12-01 13:59 - Toshi MARUYAMA

- Status changed from New to Closed

- Resolution set to Duplicate

I think this issue is fixed by #16621.

#7 - 2015-12-01 13:59 - Toshi MARUYAMA

- Related to deleted (Feature #16621: Ability to filter issues blocked by any/no open issues)

#8 - 2015-12-01 13:59 - Toshi MARUYAMA

- Duplicates Feature #16621: Ability to filter issues blocked by any/no open issues added
