

Redmine - Defect #15572

incoming e-mail triggers error

2013-11-29 19:36 - Anthony Mallet

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email receiving	Estimated time:	0.00 hour
Target version:		Affected version:	2.4.1
Resolution:	Invalid		
<p>Description</p> <p>I'm trying to setup incoming e-mails for redmine-2.4.1</p> <p>However, every processed e-mail triggers this error:</p> <p>RuntimeError (In order to use #url_for, you must include routing helpers explicitly. For instance, `include Rails.application.routes.url_helpers`):</p> <pre>app/models/mailer.rb:42:in `issue_add' app/models/mailer.rb:423:in `initialize' app/models/mailer.rb:446:in `method_missing' app/models/mailer.rb:53:in `deliver_issue_add' app/models/issue.rb:821:in `each_notification' app/models/mailer.rb:52:in `deliver_issue_add' app/models/issue.rb:1514:in `send_notification' app/models/issue.rb:163:in `create_or_update' app/models/mail_handler.rb:196:in `receive_issue' app/models/mail_handler.rb:174:in `dispatch_to_default' app/models/mail_handler.rb:159:in `dispatch' app/models/mail_handler.rb:134:in `receive' app/models/mail_handler.rb:46:in `receive' app/controllers/mail_handler_controller.rb:25:in `index'</pre> <p>Of course, I tried to add the "include" directive for the Mailer class in mailer.rb, but this did not change anything.</p> <p>Any idea?</p>			

History

#1 - 2013-12-04 17:45 - Anthony Mallet

- Status changed from New to Resolved

Sorry, this was a nasty side effect of a plugin.
Tough to figure out, but -> Fixed.

#2 - 2013-12-05 06:34 - Toshi MARUYAMA

- Status changed from Resolved to Closed

- Resolution set to Invalid

Thank you for your feedback.
